ENTERTAINED BY PRESIDENT

ROOSEVELT GIVES DINNER TO GOVERNORS.

Are in Washington to Attend Conference to Conserve National Resources—Senate and House Proceedings—Other News.

Washington, May 12.—As a prelude to the conference for the conservation of national resources of the country President Roosevelt gave a dinner at the white house to night to governors who are here to attend the conference. The guests included members of the supreme court, cabinet, Vice President Fairbanks, Speaker Cannon, members of both houses of congress, William Jennings Bryan and John Mitchell. Among the governors present were Deane of Illinois; Folk of Missouri; Warner of Michigan; Davidson of Wisconsin; Johnson of Minnesota; and Crawford of South Dakota.

The senate to day passed the post office appropriation bill carrying \$229,027,267. As passed the bill allows \$1 a day expenses for railway postal clerks when away from terminals, which will incur a total expense of \$1,000,000. Amendments adopted by the senate provide for the weighing of mails annually instead of every year.

Rayner spoke on his resolution directing the president to order a court inquiry into the charges against Col. William F. Stewart, U. S. A., now stationed at Fort Grant, Ariz. Rayner read a letter from the president giving reasons for the action taken against Stewart, which the senator declared were trivial. The president in his letter said Stewart was "impossible" as a commanding officer, his treatment of privates under him and quarreling with civilians being contentious and incompetent. Rayner, declaring the charges had never been furnished the army officer, said the punishment which the president was meting out to him was unparalleled and in defiance of precedent. He gave notice he would call the resolutions up for action by the senate to morrow.

Several pension bills were passed. After a debate lasting practically the entire session of the house, a bill to increase pay for officers and men of the marine corps and navy drew forth a good deal of criticism of conferees, who were charged with having taken liberties and with having violated the trust reposed in them by the house. The conferees reached a complete agreement. The bill now goes to the president.

Considerable interest was manifested in the announcement the currency bill would be considered and disposed of Thursday next.

Military Academy Bill.
The house committee on military affairs to day voted to report favorable to the military academy bill, which carries an appropriation approximately of \$900,000 for expenses of the West Point establishment for the next fiscal year.

Reclamation of Swamp Lands.
In an address before the National Drainage congress to day William J. Bryan said he was heartily in sympathy with the reclamation of swamp lands of this country through drainage. The speakers to day included, besides Bryan, Secretary of the Interior, John C. Nease, Senators Newlands of Nevada, Clapp of Minnesota, and O. P. Austin, chief of the bureau of statistics. All expressed hearty endorsement of the proposed scheme of reclaiming swamp lands of the country.

NEXT SNEEL WILL TRIAL.
Clinton, Ill., May 12.—The second hearing of the Snell will contest will open here May 14. Judge Solon Phillips of the DeWitt county circuit court presiding.
The contestants will attempt to get the letters of Mrs. Maher, Snell's mother, before the jury in an effort to show that the aged man was influenced unduly in the distribution of his estate, valued at \$2,000,000.
There also will be an attempt to show he was insane at the time the last will was made.
The suit is being pushed by Richard Snell, a son of the testator, who was practically disinherited, receiving an annuity of \$50, while Mrs. McNamara, a grandniece, was given \$1,200 yearly.

THINKS WOMAN IS ALIVE.
Baltimore, May 12.—Rev. Mr. Schell, to whom Ray Lamphere made a confidential statement concerning the Laporte sensation, said to night that he has no doubt that Mrs. Guinness is alive. Pressed as to details of the statement made to him by Lamphere, he said that the statement did not include a confession that Lamphere had been in the house, but related exclusively to matters that had transpired a month or more ago.

AT GUNNESS FARM.
Laporte, Ind., May 12.—There were few developments in the Guinness farm tragedies to day. What there was consisted chiefly in efforts to prove the manner of death of Mrs. Guinness and her three children and identification of additional victims. In none of these particulars was there anything positive or conclusive.

MURDER AND SUICIDE.
Eldorado, Kan., May 12.—Anton Bily, a farmer, shot and instantly killed his wife and committed suicide. The couple had quarreled.

PAPER INVESTIGATION

Case of Publishers Presented to Committee—Some Papers Refuse to Furnish Information.

Washington, May 12.—The case of newspaper publishers has been presented to a special committee investigating the wood pulp and print paper question. When the committee adjourned to day John Norris, representative of the American Newspaper Publishers' association, announced he had finished his statement, but will be on the stand tomorrow, as members of the committee. The request of the committee for the contract which the New York Times has with the paper company was denied by the Times company and in this connection Chairman Mann took occasion to state that while newspapers are insisting on speedy action by congress on the question under investigation, a great majority of the large papers are showing disinclination to furnish the committee with necessary information upon which to base any just conclusions. This raised the question in his mind, he said, whether the papers are not well satisfied with contracts they now have, and are putting up this request as a matter of bluff.

SOCIALISTS DISAGREE.
Chicago, May 12.—Delegates to the Socialist national convention in session here made little progress to day in direction of agreement on policies or candidates. A greater part of the brief session held this afternoon was devoted to arguments by representatives of contending delegations from western states.

Chicago, May 12.—Delegates to the Socialist national convention in session here made little progress to day in direction of agreement on policies or candidates. A greater part of the brief session held this afternoon was devoted to arguments by representatives of contending delegations from western states.

PANA FARMERS "STUNG."
Pana, Ill., May 12.—A number of farmers in this vicinity have been "stung" by some Chicago sharpers, who claimed to be agents for a tailoring firm in Chicago. One of the gentlemen would call and sell the goods, taking the farmer's note for the same. A few days later another sharper would come along and take their measurement and cut the goods accordingly, saying he would send the suit down. In the meantime the notes were cashed and the clothes have never been heard from.

PAYS FINE AND RESIGNS.
Rockford, Ill., May 12.—The resignation of Alderman Edward Carthy, who pleaded guilty to a bribery charge, was accepted by the city council last night. Carthy paid his fine of \$3,000 yesterday.

Springfield, Ill., May 12.—The Amalgamated Sheet Metal Workers of Illinois perfected a permanent organization to day, elected officers and enacted laws to govern the association. The officers are: President—Robert Byron, Jr., of Springfield. Recording secretary—W. E. Mosher, of Aurora. Secretary-treasurer—George R. Wheeler, of Decatur.

HUGHES SUPPORTERS ELECTED.
Lockport, N. Y., May 12.—William C. Wallace, Republican, was to day elected senator from the forty-seventh district, receiving a plurality of 248 votes over Henry A. McMahon, Democratic candidate. The election turned on the question of passing anti-racing bills advocated by Governor Hughes, and Wallace is expected to assist in the enactment of these measures.

WOMAN'S CIVIC FEDERATION.
Washington, May 12.—The Woman's department of the National Civic Federation elected Mrs. Joseph M. McCormick, daughter of the late Senator Hanna, chairman, and Miss Gertrude Beck of New York, secretary. At the closing session this afternoon several prominent persons gave their views and experiences in the welfare of the work.

MORE ENTERTAINMENTS.
San Francisco, May 12.—Entertainment of men and officers of the fleet continued to day on the usual elaborate scale. The battleships Maine and Missouri have gone to Mare Island for an overhaul, and the torpedo flotilla has departed for the same yard.

NEW POLE VAULT MARK.
Philadelphia, May 12.—E. R. Mercer of the George school, in competition here, made a new interscholastic mark for pole vault of 12 feet 4 inches. The previous scholastic record was 11 feet 4 inches by C. A. Vall of San Francisco, a year ago.

LIVES LOST IN TORNADO

TWENTY PERSONS KILLED AND SCORE INJURED.

Storm Swept Over Northern Part of Sarpy County, Neb.—Three Towns Suffer Great Damage—Train Races With Cyclone.

Omaha, Neb., May 12.—Twenty persons are known to have been killed and a score injured by a tornado which swept over the northern part of Sarpy county this afternoon. At Bellevue college buildings were damaged to the extent of \$50,000 and several persons injured, none fatally.

The storm moved to Louisville, Richmond and Springfield, where the principal damage and loss of life occurred. The dead as far as known are:

Mrs. Frank Hester, Louisville; Charles Leader, Richmond; nine persons, names unknown, Louisville; Charles Martin, fatally injured, Meadow.

The tornado struck Fort Cook, damaging several buildings, but no one was injured. In the town of Fort Cook, however, a number of buildings were entirely wrecked and other damage done.

The storm struck Papillion, but did little damage. At the farm of Gus Leader, farm buildings were entirely destroyed and his son, Charles Leader, 14, killed. All livestock was killed.

Edward Martin's home and all barns and small buildings were destroyed and the Martin family fatally hurt. Richmond was almost blown to pieces, but the casualty list was small.

At Louisville half of the town was wrecked and at least eight dead. Mrs. Frank Hester was killed in her home. Seven men took refuge in a sand pit north of town and were killed outright.

Two miles north of Papillion Martin Teith and son James were driving along the Little Pappi river when the horse became frightened and plunged into the stream. Both were drowned.

At Fort Cook damage to buildings amounts to \$100,000 at the army post alone, while the village is almost a total wreck.

Race With Cyclone.
St. Joseph, Mo., May 12.—The train crew of a Burlington passenger train from Omaha this evening reported a race with a cyclone near Island Park, Iowa, barley escaping from the tornado, which they report, wrecked a building containing a number of foreigners who had been working on the track. Six men are reported killed and a score injured. The bunk train had been moved from Bartlett, Iowa, earlier in the day.

STAND BY CANDIDATE.
Managers Stirred Up by Report of Conference.

Washington, May 12.—Publication of the fact that a conference has been in progress for the past week or more between Republican leaders in congress for the purpose of consolidating the party in advance of the Chicago convention upon one candidate for president, with a view of preventing a prolonged conflict upon the floor of the convention, has had the effect of causing managers of persons who have come to be looked upon as candidates to utter vigorous denials of any such purpose, and to claim to be sincere in their claims to prefer to Chicago.

TAFT LEAVES PANAMA.
Colon, May 12.—Secretary Taft sailed from this afternoon on the Pacific for the isthmus, where he has been staying on the isthmus he has considered many important matters, including the boundary dispute between Panama and Colombia, and relations between Panama, Colombia and the United States. While no official statement has been given out, it is announced a satisfactory agreement has been reached.

THAT INTERURBAN

Promoters Are Again in City Looking Over Proposed New Line From Jacksonville to Waverly.

B. F. Darnelle, one of the promoters of the new interurban line which is proposed for Jacksonville and Waverly, having as a terminus at the present at Pana, arrived in the city yesterday from Springfield. In an interview last night he stated that he had come back to make further arrangements concerning the interurban road and to look over the grounds. He said that the money question was practically settled and the wherewithal was in sight and all that was needed was to get things in working order. C. M. Rickard, chief engineer for the concern, who was formerly with the "Erie" railroad, will be the engineer for the company, aided by local parties. It is expected that work will be commenced in a few days on the survey.

The residents of Waverly are very anxious concerning the project, and have already signified their cooperation in the matter. When Mr. Darnelle was asked concerning the time when he expected to have the line finished, he said that by January 1, 1909 the road could be in operation.

C. E. Sargent of St. Louis, who is president of the new concern will be transacted, and the outcome will be watched with much interest.

M. E. CONFERENCE

Interest in Election of Bishops Coming to Front—Dr. Goucher Will Not Accept Bishopric.

Baltimore, May 12.—Interest in the forthcoming elections of bishops is coming to the front in the quadrennial general conference of the Methodist Episcopal church, now in session here, and perhaps one of the most notable developments is the declaration that Rev. John P. Goucher, long identified with the Womans college, will not accept a bishopric.

Large numbers of memorials and resolutions are being handed in and as they come are referred to committees, the work of which is rapidly accumulating.

Bishop Joseph C. Hartzell, in charge of missionary work in Africa, read a report on the work in that field. In the course of it he took occasion to allude to the Roman Catholic church and its influence.

With the backing of Governor Hoch of Kansas, Senator Dooliver of Iowa, and prominent ministers and laymen, Dr. W. M. Hatch of Trinity church, Lincoln, Neb., is leading a movement to put the Methodist Episcopal church closer to laboring men, particularly those in labor unions. Hatch said his committee will recommend the creation of a department of labor. He has been working on the details with a special committee.

CHARITIES AND CORRECTIONS.

General Topics Dealt With at Sectional Meetings.

Richmond, Va., May 12.—Though dealing with the same general topics, sectional meetings of the National conference of Charities and Corrections continued to day to bring out new views and expressions on various phases of the work. Papers were read by Charles W. Briwell, general superintendent of the Children's Aid society of Boston; R. W. Withers, a member of the Virginia house of delegates; Henry George of New York.

Alexander Johnson of the National society, at the state supervision session, showed the importance of more thorough work in inspection of charitable institutions operated by states.

Dr. H. H. Bailey, director of the New York state college of agriculture at Cornell, was the special event at the meeting, which dealt with the problem of "Needy Families."

State supervision was the subject to which to night's general sessions were devoted. Chairman E. R. Platt submitted the report of the committee on this subject.

New York, May 12.—Theodore Allen, known throughout the sporting world as "The" Allen, died suddenly to night, aged 77. He had a notable and spectacular career. He was best known as the promoter of pool rooms and a book maker. During the civil war he was in the secret service and assumed the role of a fugitive from the confederate states and went to Montreal. A reward of \$50,000 was placed on his head. Allen joined for the purpose of gaining information from the confederate raiders who swept down from Canada on St. Albans. He was captured and sentenced to be shot the following day. Henry Ward Beecher, who was in St. Albans that day saw Allen and sent a telegram to Secretary of War Stanton, whose instructions to release Allen came just in time to save his life.

SEVENTY-TWO SODAS

DRANK BY SIX STUDENTS.

High School Actors Participated in Record Breaking Contest.

The first rehearsal of the members of the cast in the high school opera was held at the opera house last evening, after which six of the leading (?) actors, George Vasconcellos, John Ferris, Ray Hartman, Harry Obermyer, Everett Waters and Ralph Hutchinson enjoyed a banquet at Vickery & Merrigan's. The menu consisted of twelve courses, each course being served at a different table and consisting of a soda. Twelve sodas a piece is probably the record in soda drinking for the city. If not, the state; yes, probably the United States, and the boys are ready to compete with any club of six if they think that they can equal the record. They certainly are the "soda kids" and the result of their experience of last evening will be watched with interest. It is hoped that they will be able to take part in the opera.

BRICK YARD PROPOSITION

J. E. Mucusker of New York, Will Confer With the Business Men's Association Relative to Starting a Plant Here.

J. E. Mucusker of Jamestown, N. Y., arrived in the city Tuesday to look further into the proposition of starting a brick yard here. Mr. Mucusker was here last December and looked the matter up, having heard of Jacksonville through an advertisement that the Business Men's Association had put in one of the city journals. When he returned last December he took back with him two barrels of clay and since his absence has had bricks made of the same, which are now on exhibition at the association rooms. The quality of the clay is such that a fine building brick has been produced. Mr. Mucusker also had some tile made of the material and gives every evidence of being first class. Those of the business men who have met Mr. Mucusker are much pleased with his appearance. He thoroughly understands the brick proposition, having had the experience in his father's yard and in running three establishments himself located at Jamestown, N. Y., Warren, Pa., and Corey, Pa. He stated yesterday that he was very much surprised that a city the size of Jacksonville had been so long without a brick plant and that three-fourths of the brick used were shipped in. He thought that a fine opportunity was opened for such an establishment. A meeting has been called for this afternoon at 4 o'clock to confer with Mr. Mucusker and no doubt something of importance will be transacted.

IN HONOR OF BIRTHDAY.

Dr. Miller of Woodson was most pleasantly surprised Monday by about thirty of his brother Masons. The occasion of their coming was the good doctors 66th birthday and was a complete surprise to him. However, Mrs. Miller had been informed of their coming and she with a number of her friends had prepared an elaborate course dinner. The afternoon was pleasantly spent in social conversation and during the evening an excellent musical program was enjoyed by all. The doctor felt much honored to have so many of his old friends with him and needless to say the day was one full of pleasure for those present.

The horse was caught near the C. & A. depot, the harness remodeled, and all proceeded without further damage.

A CORRECTION.

Mr. Montgomery, County superintendent, has called my attention to a modification of the school law by the last legislature in force the first of last July, which was not taken into account in my article of yesterday. The change is a provision that repairs and improvements may be made out of the fund levied for building purposes. This is important in view of the position taken on that point by the decision quoted from as it changes for the future the law to that extent from what has been the law heretofore.

But the law remains as heretofore that funds appropriated to one purpose are not to be used for another and that building purposes are not educational purposes. The term building purposes has been enlarged to include repairs and improvements, special assessments, and the like and to do away with the necessity of submitting such ordinary tax to a vote. But the distinction of funds is held hard and fast.

EX-GOV. YATES HERE TONIGHT

Is to Speak at the Opera House Which Should Be Filled to Overflowing.

As has already been several times announced, Ex-Gov. Yates is to speak at the opera house to night and all Republicans, especially, should try to hear him. He is before the people again as he has been, a candidate for nomination for the high office of governor of the state. He is in a race for the nomination with Gov. Deneen and both are busy addressing the people and both will be heard pretty much all over the state and then the Republican voters will have a fair opportunity to make up their minds regarding their choice of candidates. When Gov. Yates first started out eight years ago, he was the object of much ridicule and attack from many sources, but as he began to be heard it was discovered that he was a fine orator, even a surprise to his friends, who had taken him for an easy mark. Nor did his abilities stop there for when he assumed the duties of the high office to which he had been elected he again disappointed his enemies by conducting a clean administration which does not have to be defended and now, with the experience of years he is far better qualified for the place than he was when first he aspired to fill it.

The Republicans of the state are open to conviction and ready to hear respectfully all that any aspirant for the nomination has to say, and then they will go to the primary polls and select the ones they prefer, feeling certain of victory in November. Both the leading candidates are out early but it is well that they are, for Illinois is a large state and there is much ground to cover if the speakers are to be heard by the majority of voters.

All are invited to hear Gov. Yates to night and all Republicans especially should be there that they may hear what the gentleman has to say and be prepared to make up their minds regarding their choice of candidates. Gov. Yates has lost none of his fire and vim; he is the same eloquent speaker as ever, improved by the passing years and what he has to offer will be well worth hearing.

MALLOYS TO FURNISH MUSIC.

The Malloys will give a selected program of musical numbers at the opera house tomorrow evening during the hour preceding former Governor Yates' speech. Everybody is invited to hear the music and the speaking.

WHERE THEY PLAY TO DAY.

Jacksonville at Ottumwa.
Burlington at Kewanee.
Quincy at Oskaloosa.
Keokuk at Waterloo.

That was something of a ball game our boys put up Tuesday afternoon as a wind up prior to their first swing around the circle. The fans turned out in a fair number, but really the stands should have been crowded to capacity, for the locals have been playing great ball this week. It is true that the percentage showing might be a little better, but the fans are well pleased with the showing so far made, and especially are all pleased with the spirit that animates the team. The spirit was in evidence yesterday. Whatever the locals may be they are a game lot and there's not a quitter in the bunch. The game yesterday went ten innings. It was a beautiful contest between Cannon and Caldwell. Both allowed the same number of hits, but Cannon received better support and also excelled his rival in the tight places. He has splendid control and all the speed and curves that go to make up a first class twirler. It was the youngster's first appearance in a regular game and he confirmed the excellent impression he made during the practice season. Kewanee was the first to score. In the second inning Caldwell went to third on Johnson's sacrifice and scored on Copeland's single. Then their acquaintance with the home plate ended, as they were blanked the rest of the way. It was a great day for T. Copeland. He batted 1000 per cent yesterday. When he was with us he could not hit a barn and only his sensational fielding enabled him to hold on. If he would publish his system of developing batting he could retire from the game and make his fortune.

Jacksonville was blanked up to the seventh, when singles by Roland and Hughes and a passed ball allowed "Dutch" to come in. Thence on it was nip and tuck. Both pitchers were very effective and forced an extra inning game, the first of the season.

Kewanee looked dangerous in their half of the tenth. Copeland opened with a double. Wood advanced him to third on a single. It looked decidedly squeal for Cannon. But the little fellow kept as cool as an iceberg and struck out Elliott. Then came the feature of the day. Copeland was up on his toes waiting to make a squeeze. Caldwell sent a stinging liner to Berte and the manager relayed it to Blauser for a double play, "Cope" being the victim.

This is how we won the game: Cannon made his second single. Crossley sacrificed him to second. Roland then smashed a stinging single to right and Cannon scored the winning tally. Great game. The score:

Diamond Dust.

The Lunatics left last night on their first trip out and with good spirits for the victory of Tuesday over the Boilemakers was indeed good. Jacoby has a sore arm and will be left at home, also Cannon, who pitched yesterday and would not have a chance to pitch until the team returns. Every day Berte's men show up better, and it is a healthy sign, and even some of the fans who were anxious for the fellows are resting easy.

All the fans will be waiting with great interest for the return of to day's game. The "Packers" have been going some and yesterday batted Slapnicka of Burlington all over the field. Ottumwa is banking a great deal over their new pitcher, Harkness, who won thirteen games straight last season.

Elliott, the Lilliputian catcher for Kewanee, is the biggest catcher the visitors have in the bunch. He works all over and never stops talking.

We hope that "Dummy" and his new glove will be partners on the trip away and that he will hold 'em tight, and keep up his record of telling the "umps" all about it.

Yesterday was ladies' day and a goodly number of them were on hand. This year begins to look like a record breaker for ladies, despite the "Merry Widow." Wonder if that head gear makes the box seats look good to the enthusiastic fans.

It is encouraging to see Jacksonville crawling up the percentage column. Manager Belt is trying his best to keep out of the cellar. After three games with Ottumwa, Jacksonville will go to Oskaloosa and Quincy, consecutively, for three games and then home, bring Quincy.

INSANE PATIENT ESCAPES.

Mike Lead of Christian county, a patient at the Central Hospital for the Insane, escaped from the hospital Tuesday afternoon and up to an early hour this morning had not been captured. The police were at once notified and made a close search all over the city yesterday and were keeping a good watch for him last evening. He is a man weighing between 163 and 170 pounds, height about 5 feet, 7 inches, and has a red face. He wore a black suit of clothes and a black soft hat.

EX-GOV. YATES TO SPEAK.

Yates, who is making a state-wide campaign to secure the Republican nomination for the governorship, will make an address at the opera house and he will doubtless be heard by a large audience. The public is invited to be present. Mallory Bros. will give a musical program before the speaking.

of accepting personal security upon a bond, when corporate security is vastly superior?

The personal surety may be financially strong to-day and insolvent to-morrow; or he may die, and his estate be immediately distributed. In any event, recovery is dilatory and uncertain.

Because of its greater stability, the United States Government prefers Corporate Suretyship. Follow its example, and, when you require suretyship of any kind, insist upon having the bond of the largest company in the world whose business is restricted to furnishing suretyship obligations.

Ask your grocer for Woodman's New England bread. It is good.

George F. Birkenhead expected to go to Peoria this morning on a business trip of several days.

Miss Eva Lane, who has been the guest of Mrs. William Morris of Grand avenue, returned to her home in Ridgeway Tuesday morning.

It is made of pure sweet milk—that is Woodman's buttermilk bread. Ask your grocer for it.

Mr. and Mrs. Charles M. Wetherald of Hebron, Neb., arrived in the city last night and are guests at the home of C. L. Hayden on West College avenue.

George Wolke can be reached by the Bell phone at both his residence and office. Residence No. 686; shop No. 171.

WARNING

Against Stock Running at Large.
Many complaints are made of stock running at large in the city or being tied or heaved on the streets and alleys. All this is contrary to law and offenders are warned that hereafter they will be watched and punished when detected. Keep your stock entirely off the streets except when in use.

WILL SPEAK TO NIGHT.

Former Governor Richard Yates should be greeted by a large audience at the grand opera house to night, when he will discuss issues of interest to every resident of the state.

OPERAETTA PLEASES.

The operaetta "The Golden Circle of Time," was repeated at Jordan Street Presbyterian church last evening and another large audience was in attendance. The entertainment was given under the auspices of the Woman's Missionary and Ladies' Aid societies and the proceeds will go toward the fund for the new church. The program was carried out in full as given last Friday evening and the entertainment proved to please the audience again. Besides the operaetta several other numbers were added to the program which were much enjoyed. The added numbers were: Solo by William E. Day, vocal solo by Miss Etta May Vieira, recitation by Miss Ella B. Day, vocal solo by Miss Hattie Vasconcellos and a violin solo by Master Hitt.

MEETING AT WESTMINSTER.

To night at 7:30 at Westminster church, Dr. Marsh will address a joint meeting of the State Street, Jordan Street and Westminster churches upon Missionary work among the emigrants. Dr. Marsh has served for some years at Point Barrow, Alaska, the farthest point north on this continent, and his story of that far away region is one of great interest. So it is hoped a large audience will greet him.

STORM DID MUCH DAMAGE.
Many of the visitors to our city yesterday were speaking of the unusual storms that visited their respective neighborhoods Monday afternoon. It seems that the storm did much harm outside of the city as well as in. Between Prentice and Alexander the wind and hail were very heavy and many trees were shattered both by the lightning and the wind. Nearer Prentice the hail increased and the damage was accordingly greater. The windows in the office of the Farmers' elevator were broken and in a number of places the lightning struck within only a few feet of houses. It is reported that this was one of the hardest rain and hail storms in this section of the country for several years.

SUNDAY SCHOOL CONVENTION.

FAST ALTON TRAIN OUT OF CHICAGO

New Time Card for May 17 Will Let Passengers Leave White City at 10 p. m., Arriving Here at 4 a. m.—Economy Move Strikes Burlington—No Evening Passenger Freight Out of Chapin.

State Register: When the new Clover Leaf-Alton time card goes into effect on next Sunday, May 17, there will be a new train primarily an express train, which will arrive in Springfield from Kansas City about the time that the morning plug leaves for the north, and the two trains will be consolidated here and run on through to Chicago. Returning this train will leave Chicago at 10 o'clock p. m., but will go back over the Jacksonville division, which will give the people of Jacksonville, Delevan, Mason City and other towns along that division a fast train out of Chicago.

Among other changes will be the running through to Chicago of the train now running from Roodhouse to Bloomington, and which now reaches Bloomington at 8:45 p. m. The Springfield plug, which leaves Bloomington at 4:30 in the afternoon and reaches Springfield at 6:30 o'clock, will make the return trip to Bloomington the same evening, leaving here at 7 o'clock. There will also be a new train starting from Mexico, Mo., at 7 o'clock a. m., and arriving in Springfield at 11 o'clock a. m. Returning this train will leave Springfield at 2:30 o'clock in the afternoon and will reach Mexico at 7 o'clock p. m.

Burlington "Economy Wave."
The "economy wave" has reached the Beardsley & St. Louis division of the C. & N. W. Railway company and is proving a serious blow to many agents between St. Louis and East Alton, to say nothing of the many shippers and merchants along this line of railroad.

Commencing at Merritt, the first station south of Chapin, the depot is pulled up and all consignments to this point must be prepaid at Ridgeway, four miles below Merritt. The wires and telegraph instruments have been removed and Samuel Fragler, the agent for years in the service of the "Q.," has had his wages cut \$10 per month.

Alsey, the first station south of Winchester, with a population of 600, the wires are all out, the agent discharged and the depot pulled up. Barrows, the next station south of Alsey, fares the same as Alsey and Merritt. At Wrightsville, the first station south of White Hall, the agent has been discharged and the depot pulled up. The wires and telegraph instruments must be made out by agents at White Hall or Greenfield. This town has 500 or 600 people and paid the "Q." in total about \$1,200 per month. At Rockbridge, five miles south of Greenfield, with 600 people, the agent still remains, with his salary cut \$10 per month and the wires and telegraph instruments removed. Kemper, four miles below Rockbridge, is enjoying the same treatment as Rockbridge. The Plaza depot is pulled up and the windows covered with grain doors, the agent discharged, and as the last and most disgusting act on the part of the company, they have discontinued carrying passengers on through freight No. 80, leaving Chapin at 7:25 p. m. daily. For several years this has been the most convenient train for the public of all service on this division, and the news on this one act is received by the traveling public with indignation.

The company puts up the excuse of it being unsafe to carry passengers on a freight. This may be true, but in the many years past that the public at large has enjoyed this service not one accident has occurred and no reasonable excuse can be made for this one act.

Road Foreman Let Out.
Road foreman, the most important position of the Springfield division of the Wabash railroad, was abolished yesterday by an order from the officials of the road and the incumbent was Nelson Lock. Mr. Lock's duties will fall upon the master mechanic and division superintendent. The master mechanic will now have the hiring of engine men as that was under that department. This is a part of the entrenchment plan which is being pursued by the Wabash and other means of cutting down expenses are anticipated.

—(6)—
The C. & N. W. passenger which arrives in this city at 10:55 a. m., was delayed two hours yesterday on account of a wreck on the west end. A freight was derailed at Cantrall about eleven miles this side of Springfield and this held No. 7 on the main line which connects with the local at Havana. Consequently the local was held at Havana and did not arrive in this city until about 1 o'clock. Only a few of the people of our nearly 100,000 came to the city yesterday on this account.

—(6)—

C. E. Brown, division superintendent of the Wabash, L. W. Karnes, train dispatcher, and P. C. Leonard, civil engineer, passed through the city yesterday over the Wabash.

DEATH RECORD

Daniels.

Mrs. Ann Daniels passed away Tuesday morning at 7:30 o'clock at the family residence, 729 West North street. She had been a sufferer of dropsy for a number of years to which disease her death was due.

Mrs. Daniels was 78 years of age and was born in Massachusetts where she grew to womanhood. Her maiden name was Ann Green and she was married to James Daniels in the east. After their marriage they moved west, residing for a time in Bonaparte and several other Iowa towns. The family then moved here about twenty-five years ago and have resided in this city since. She had made many friends here who hold her in high esteem and who will mourn her loss.

Mrs. Daniels had been a remarkably active woman for one of her age until stricken by her final illness. She was a woman much beloved by all who knew her and was a kind and loving mother. She is survived by eight children: Edward J. Daniels, of Rock Island, Texas; William H., of Duluth, Minn., now in the city; Misses Kate, Annie and Faunie, who reside at home; Mrs. W. S. Camp, of Jacksonville; Misses Ellen and Minnie of Spokane, Wash. Two daughters, Misses Lillie and Mary, preceded her in death in the last few years, and her husband also died several years ago.

The funeral arrangements have not been completed and will be announced later.

FUNERALS

Rees.

The funeral services of Mrs. Marshall Rees were held at 12 o'clock Tuesday at Brooklyn M. E. church and were in charge of Rev. G. W. Miller, pastor of the Methodist church of Woodson.

There was a large assemblage of friends from this city and from the Dublin neighborhood where the deceased once resided. Appropriate music was furnished by the church choir.

There were many beautiful flowers and they were in care of Misses Nina Obermeyer, Clara Rogers, Mary Rawlings and Mrs. Jackson.

Interment was made in Diamond Grove cemetery and the bearers were Edward Rawlings, Charles McLamar, Henry Rawlings, Thomas Smith, Bert Yunker and Arthur Rawlings.

Piepenbring.

The funeral services of Mrs. Augusta Piepenbring were held Tuesday afternoon at 2 o'clock at the residence, 120 East Dunlap street, and were in charge of Rev. T. H. Marsh, pastor of the First Baptist church.

There was a large gathering of friends and relatives at the services who assembled to pay their last respect to one they loved and held in high esteem.

There was a profusion of beautiful flowers, including several handsome set pieces and sprays. They were cared for by Misses Clara Magill, Dolly Roberts, Lillian Rosenthal and Anna McCormick. During the services several hymns were sung in a very impressive manner by a quartet composed of Mrs. T. H. Marsh, Mrs. Richardson, Rev. Mr. Marsh and W. W. Gillham.

The remains were then escorted by a long procession of mourning friends

and relatives to Jacksonville cemetery where they were interred in the family burial lot. The bearers were George Moore, Louis Leurig, J. A. Schmalz, Charles Cowdin, William Wilkinson and F. J. Garland.

Munis.

The funeral services of Mrs. Emma Munis were conducted from the residence, 1240 Allen avenue Tuesday afternoon at 2:30 o'clock and were in charge of Rev. Mr. Eltzholz, pastor of Jordan street Presbyterian church.

A large number of friends and relatives gathered at the services, which were of a very impressive nature. The singing was in charge of a quartet composed of Mrs. Jennie DePratts, Mrs. James Scott, John H. Vasconcellos and Ed. Nunes.

There were many beautiful flowers among them being a handsome set piece sent by the employees of the C. P. & St. L. shops and were kindly cared for by Misses Carrie and Anna Marks, Grace Huston and Miss Kelley.

Interment was made in Jacksonville cemetery and the bearers were Henry Marks, Marion Bussey, Ed. White, John DeLess and John T. Martin, all brothers-in-law of the deceased.

Among those attending the funeral from out of the city were Fred Luker and Miss Jennie Terins of Virginia, Mrs. John Kirk, William Kirk and Miss Ester Kirk, of Carrollton, and John T. Martin of Springfield.

Down to Facts

There is no getting around it; you will have to have a new suit soon.

Why not step in today or tomorrow and select your summer suit while the choice of selection is so wide, and especially here, where "Boland Quality" is so appealing and gratifying

Have you any idea how much suit value you can get here for \$15? You may have expectations, but you will have to raise them very high to realize what is really in store for you here at that price.

If you want to pay a little more, perhaps \$18 to \$20, you will find it worth while. We are very strong in these lines, for we find these are very popular prices, and therefore are most wide in variety of styles and patterns.

At \$25 novelties, hand tailoring and exquisite patterning that crowd the custom tailor to the limit on his \$35-\$40 suits and overcoats. These clothes have been developed to a standard of perfection that most tailors strive for.

Some very exclusive feature up to \$25. Some powerful values in good clothes down to \$10.

Hats, Furnishings and Boys' Clothes. If you pay more than our prices you are paying a premium.

BOLAND'S

No Dyspepsia Cure

Nature alone can cure. Tonics and stimulants only spur the stomach to action, like whipping a tired horse. Weak stomachs need rest, and must have it. Let Kodol, for a little time, do the digestive work.

Don't try to make the stomach do what it can't do. Don't stimulate it; don't drive it to action. It is like whipping a tired horse.

Let it rest, as you would a lame ankle. And, like the lame ankle, the stomach will cure itself. In indigestion the stomach lining is inflamed. And the undigested food, by becoming hard, irritates the lining. That is the cause of the pain.

So long as that irritation is allowed to continue, there is no hope of curing the stomach.

Some find that they can't digest all food. So they limit themselves to the food that they can digest.

That means partial starvation. The needs of the body call for variety in food. One cannot diet without starving some part, without losing some needed nourishment.

Nourishment will do more than anything else to correct the weakness. It is vital that you supply it.

The right way is this: Eat what you need of the food that you want. Then let Kodol, for a little time, do the digesting. Nature will do the rest.

You will say, perhaps, that you have tried digesters before. But you are mistaken. You may have tried pepsin, but pepsin digests only albumen. You may have tried any of the numerous digesters which depend almost solely on pepsin. They digest but part of the food.

Kodol alone digests all of the food. It is the only way to do all that the strongest digestive organs can do.

The results are immediate. Kodol is liquid, like the digestive juices. Its action begins as soon as it enters the stomach. Even before that, for in the mouth it starts the flow of saliva.

You don't want to always depend on artificial digesters. We understand that. But you must help the stomach while it needs help. Else it will always need it.

Let the stomach rest for a time, just as you would any organ that needs to recuperate. That is all that is necessary and all that you can do.

But the rest must be complete. Half-way measures will not prove satisfactory. You must supply all the digestive elements, not part of them. Kodol alone can do that.

This is easily proved. Try Kodol, then try something else. You can easily note the difference.

Some digestive elements require the liquid form. They must be preserved in glass. In any other form, it is quite impossible to do what Kodol does.

Our Guarantee

Kodol will act in any case, under any condition, on any sort of food. This is so certain that we guarantee it. Buy one large bottle, and ask your druggist for the signed guarantee. If you are not satisfied, take the empty bottle back with the warrant, and your druggist will return your money.

This offer is made on the large bottle only, and to but one in a family. That bottle will amply prove how needless it is to suffer and you will never forget it.

Kodol is prepared at the laboratories of E. C. DeWitt & Co., Chicago. The \$1.00 bottle contains 2 1/2 times as much as the 50c bottle.

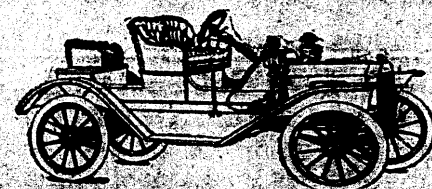

For Drunkenness, Opium, Morphine and other Drug Using, the Tobacco Habit and Neurasthenia.

ART EXHIBIT

Freshmen Class of High School Had Charge of Exercises Last Night.

The Horace K. Turner Art Exhibit is now being shown at the High school and for this exhibit the lower corridor has been turned into a true art gallery containing 200 reprints of famous masterpieces in painting, sculpture and architecture. This is certainly a rare treat for the students and patrons of the school as well as for all the art lovers of the city. It is not often that a collection of so many educational pictures are brought together and for this reason it was thought that this would be a valuable exhibit and would bring both students and patrons of the school in touch with the great educational pictures which adorn the best galleries of both Europe and America.

In order to give everyone a chance to view and study the pictures, it has been arranged for the exhibit to last four days. The different classes of the high school will have charge of the pictures their respective days. Last evening the freshmen had charge and gave an interesting program which dealt entirely with art subjects. This studying of pictures has been followed for several months in connection with the public speaking work and the results are now being brought before the public. After the program last evening all spent a considerable time in viewing the pictures. Refreshments were served by the class and all left feeling that the evening had been spent in both an educational and entertaining manner. Tomorrow night the sophomores will be in charge and will give the program. The following was the program given last night:

STUDENTS' RECITAL

Miss Duncan and Miss Thompson Heard in Excellent Program at Academy Hall Last Night.

A students' recital was given last night at 8 o'clock at Academy hall by Miss Dessau Duncan, pupil of Mr. Oberndorfer and Miss Irene Thompson, pupil of Mr. Haberkorn. A very large and appreciative audience was present to listen to this most excellent program. Miss Duncan's playing was very musical and her numbers were so selected as to show her wide range of musical ability. The Grand Valse, Op. 42, from Chopin, was given in a very brilliant manner and her ensemble playing of the Mendelssohn number was an almost perfect rendition. Miss Thompson's numbers on the violin were also excellently given and she brought out in a masterly way, the fine deep tones of which this instrument is capable of producing. Especially was this true of the Nocturne, Op. 9, No. 2, from Chopin. The following was the program:

Hark, Hark the Lark... Schubert-Liszt.
Miss Duncan.
Air with Variations... Rode.
Miss Thompson.
Nocturne, Op. 42, No. 2... Chopin.
Miss Duncan.
Concertino, A minor, Allegro... Sitt.
Miss Thompson.
Grand Valse, Op. 42... Chopin.
Miss Duncan.
